

Mola-Mola 2
Experience the different
like no other

Built in early 2022, MSY Mola Mola 02 is a spacious 115-foot wooden liveaboard powered by a 440HP engine, designed to provide a comfortable and enjoyable diving experience throughout Indonesia.

The vessel accommodates up to 16 guests in 8 twin-share cabins located on both the upper and lower decks. Each cabin is equipped with air-conditioning, a private en-suite bathroom, and hot water facilities to ensure a comfortable stay onboard.

For diving operations, the vessel is equipped with two air compressors, while Nitrox is available upon request for certified divers.

Safety First

Guest safety is our highest priority. The vessel is equipped with 100% emergency oxygen, a comprehensive first aid kit, and essential safety equipment to ensure peace of mind throughout the journey.

Comfortable Onboard Living

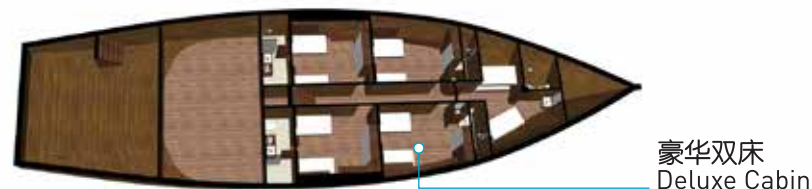

Guests can relax in the spacious indoor dining area and recreational lounge situated between the upper and lower decks. Freshly prepared meals featuring Indonesian, Chinese, and Western cuisine are served throughout the trip. Complimentary coffee, tea, and snacks are available 24 hours a day.

Modern Facilities

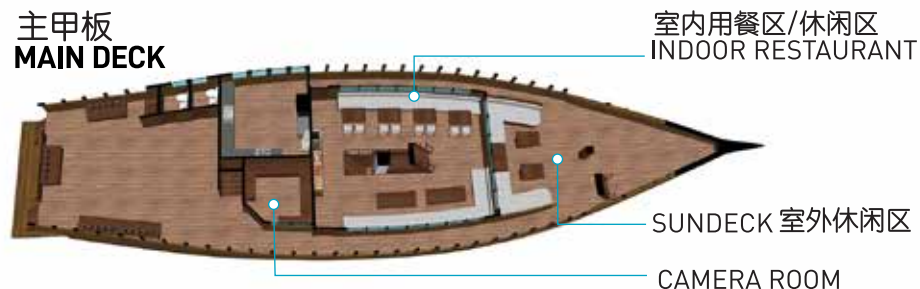

To provide maximum comfort during your voyage, MSY Mola Mola 02 operates with two 85 kW generators and a freshwater maker capable of producing up to 7,000 liters of fresh water daily, ensuring a reliable supply of clean water for all guests onboard.
