AND BEYOND

KLM Neomi is a traditional Phinisi boat which serves diving and leisure trips throughout the Indonesian archipelago.

Made of teak and ironwood, the Neomi has ten cabins to house a maximum of twenty two guests. Each beautifully appointed cabin is equipped with a private bathroom (hot and cold water), TV and air-conditioning. The Upper Deck has 3 twin cabins, 1 double bed and 1 master cabin, each with a private balcony. On the Middle deck there are two double cabins with balconies, and on the Lower Level there are three twin cabins.

Neomi boasts spacious lounge areas and an air-conditioned restaurant which has a TV and DVD player and also two jacuzzi are available on board.

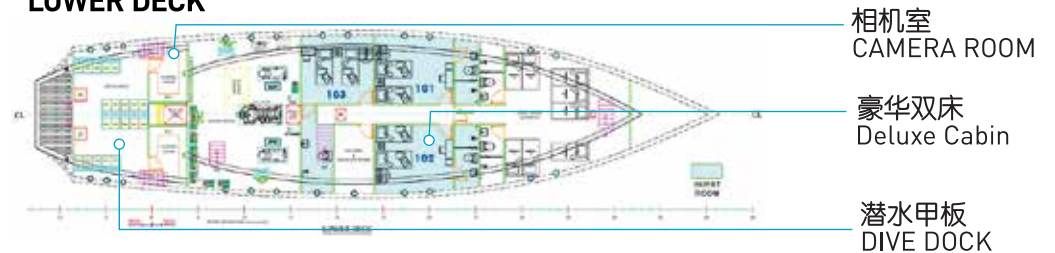

Neomi takes safety seriously. The boat is equipped with a satellite phone, smoke detectors, and fire extinguishers. It further has an on-board water maker which can produce 10,000 liters / day. Each diver will be issued an ENOS diver location system to ensure their safety.

UPPER DECK

室内餐厅/休闲区
Indoor Restaurant

The spacious middle-deck dining area features panoramic windows with stunning ocean views, creating the perfect setting for meals and relaxation. Guests can dine indoors in the air-conditioned lounge, complete with a TV, karaoke system, and entertainment facilities, or enjoy alfresco dining outdoors. Freshly prepared meals are served buffet-style, while two jacuzzis offer a soothing retreat to relax tired muscles after a day of diving.

Upper Deck Seaview Cabin

Located on the middle deck, these versatile cabins can be configured as either twin beds (100cm × 200cm) or one spacious double bed (200cm × 200cm). Each cabin features a private balcony, 32-inch TV, air conditioning, and access to hot and cold water, offering a comfortable and relaxing stay while cruising Indonesia's spectacular waters

主甲板客艙
Main Deck Cabin

The Lower Deck Cabins offer a comfortable and peaceful retreat. While they do not feature a private balcony, two portholes provide natural light and a bright, airy atmosphere. The higher-than-average ceilings create a spacious feel, complemented by a work desk and convenient power outlets. Thoughtfully designed for comfort, the cabins feature exceptionally comfortable beds and excellent sound insulation, ensuring a quiet and restful stay throughout your cruise.

DIVE DECK

ENOS Diver Locator System

All diving is conducted from the purpose-built dive deck, featuring individual setup stations and ample storage. A dedicated camera room provides charging facilities and workspace for photographers to review images. Nitrox is available onboard, and the ENOS Diver Locator System enhances diver safety throughout the cruise.

Indonesia dive cruises aboard the *Neomi Cruise* yacht explore Raja Ampat, Ambon, Alor, the Banda Sea and Komodo National Park, moving with the seasons to offer the best diving conditions available.
